Subject: Tentative Approval to Commence Large Mining Operations, Ames Construction, Inc., Lake Point Quarry, M/049/0076, Utah County, Utah

Dear Mr. Boteilho:

The Division has completed a review of your latest response regarding your Notice of Intention to Commence Large Mining Operations (Notice), received June 7, 2010. The Division is now prepared to tentatively approve the Notice for the Lake Point Quarry.

The notice of tentative approval will be published in the appropriate Salt Lake City and Utah County newspapers (copy attached). This will begin a 30-day public comment period. The Division will also notify the Resource Development Coordinating Committee (RDCC). If no substantive comments are received during the public comment period, the Division will then issue its final approval for this project. Changes to the Notice may be needed if substantive comments are received.

Prior to issuing final approval, we require that you provide us with:

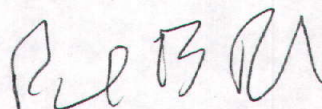

1. Two copies of the complete and corrected plan. When final approval is issued, they will be stamped "approved" and one copy returned to you for your records.
2. A Reclamation Contract (Form MR-RC) and reclamation surety totaling \$289,494. Please contact Penny Berry at 801-538-5291 or by e-mail at bondcoordinator@utah.gov to obtain the appropriate bond and reclamation contract forms.
3. If available, an electronic copy of the mine disturbed area in the original autocad, shape, or other file format. Please include the projection and datum information with this file. Contact danielsmith@utah.gov, (801) 538-5292 for further information or questions.
